Fortune 100 defense contractor eliminates barriers to speed and wins internal team award

HOW DID WE DO IT?

ACCOUNTABILITY PRACTICES Our fact-based Accountability Practices quickly identified high-leverage opportunities to eliminate hoarding and its costs with focused training and incentives. Trust improved dramatically.

COLLABORATION BUILT We quickly enabled cross-program collaboration using Scireo, our resource management software, to reveal sharing opportunities.

RESULTS Client saved time and reduced capital spend 50-75% during each of the first three years after implementation

“Sente’s solutions saved me 6 weeks during a 6 month project. This delighted our customer, saved us money and enabled me to focus my key technical talent on another new project 6 weeks earlier than planned.”
